- “As I watched the different young people receiving their meals, I could see who viewed the food as a snack, a bridge from what they had earlier to what they would eat later, and those who considered it to be their most substantial meal of the day. The meals brought needed, dependable summer sustainability, appreciated by all. As a YMCA volunteer, it was an honor to be a part of it.”
Tyrone E. Harge, Mission Nutrition Volunteer

OVER 24,000 MEALS AND SNACKS SERVED

- “When I first started the program, I didn’t really know what to expect. But as I’m with the kids, I learned that some of them had never been in an actual pool before, let alone know how to swim. SAW is definitely an experience being able to teach kids the importance of knowing more safety skills and important rules around water.”
Victoria Zavala, SAW and Swim Instructor
